

## Application to Adopt a Pug over 7 years of age

It should be noted that taking on an older rescue Pug is a huge commitment, both emotionally and financially. Many older Pugs will require special care and attention. Please consider this carefully before applying to adopt.

To assist the Trustees in the re-homing of Pugs, please complete this form in full including the 'About Yourself' section which will enable us to determine your suitability for a rescue Pug. It should be noted that all Pugs are re-homed to the most appropriate home to suit the Pug. Applicants must be aged 21 and over.

If you are selected to adopt a Pug you will be required to take him or her at very short notice and without having seen the Pug.

A donation will be required as we do need funds to allow us to continue to rescue Pugs and to help pay for vet fees and transportation costs. We therefore suggest that a donation of £50 depending on the age and health of the Pug be given to the PDWRA.
